EDUCATION

Georgia Institute of Technology | Coding Bootcamp

- Completion Date: October 2022 | *Start Date: April 2022*

University of Georgia

- Accrued credits toward a BA In Criminal Justice | *2013 - 2018*

TECHNICAL EXPERIENCE

GifSource, Team Lead (Georgia Tech Coding Bootcamp)

- Led the first project of the course, creating an application that utilizes API calls to render an array of downloadable gifs from GIPHY.
- The project utilizes local storage by saving and rendering the user's 8 most recent searches at the top of the page.

Dungeons & Devs (Georgia Tech Coding Bootcamp)

- Developed a turn-based video game in which players must defeat a boss by boosting their stats each turn.
- The user creates a profile by signing in and selecting a character, seeding (SQL) the character data into their session.
- The player can choose between 6 different classes (OOP), each with a distinct set of stats to attack, defend, and evade with.

WORK EXPERIENCE

CORE RESPONSE, COVID-19 | 2020-present

ASST. SITE MANAGER | 2021-present

- Trained new PAs on the proper administration of COVID-19 PCR tests.
- Personally handled vaccine storage and transport from warehouse to site, and vice-versa.
- Transitioned to a vaccine unit, tasked with supervising the registration and administration of over 5,000 Pfizer, Janssen, and Moderna vaccine patients.
- Later managed the South Fulton Service Center, where I worked alongside nurses and staff from the Fulton County Board of Health to facilitate the administration of booster vaccine doses.

PROGRAM ASSOCIATE, MOBILE UNIT | 2020

- Worked with local citizens at designated locations to provide and facilitate COVID-19 tests in drive-thru and walk-up settings.
- Oversaw the self-testing process and the safe-keeping of testing samples.

YOUR PIE | 2016-2019

ASST. MANAGER, INVENTORY DIRECTOR

- As Inventory Director, oversaw food and equipment purchases for the restaurant and reported weekly usage of each item. Sole employee responsible for keeping the store's cost of goods at a manageable rate.
- In the quarter prior to promotion, the company sustained a cost of goods percentage of 29%. After the first quarter of promotion, that figure was lowered to 21%, adding approximately \$4,600 to the quarterly budget. A percentage of 20% was the new standard for the remainder of my three-quarter tenure as Director.
- As Assistant Manager, oversaw daily restaurant operations, including workflow, bank deposits, and promotions. Handled consumer grievances and fostered a positive store environment for employees and guests alike.
